

# CITY OF WILLARD, MISSOURI

224 W. Jackson Street P.O. Box 187 Willard, MO 65781 417-742-3033 417-742-3080 Fax

To whom it may concern:

As of Monday **July 1, 2024**, the City of Willard will be requiring the inspection of the following items:

## **Sewer Inspection**

- Per P2503.4 The building sewer shall be tested by insertion of a test plug at the point of connection with the public sewer and filling the building sewer with water, testing with not less than a 10-foot (3048 MM) head of water and be able to maintain such pressure for 15 minutes.

## **Plumbing Inspection**

- Per P2503.5.1 DWV systems shall be tested with a water test filled with no less than a 10-foot head above the highest fitting or an air test shall be pressurized to 5 PSI or 10 inches of mercury column (34kPa) for a period of 15 minutes.

## **Insulation Inspection**

- Per chapter 11, insulation shall be inspected to insure proper installation and compliance with adopted energy standards. The **insulation company** shall provide a certificate of proper installation. This certificate shall list the predominate R-values of insulation installed in the project. This insulation certificate shall be required prior to a certificate of occupancy. *It is the responsibility of the general contractor to ensure the correct installation of materials and the proper paperwork is completed.*

Thank you for your understanding.

Mike Ruesch

A handwritten signature in blue ink, appearing to read 'Mike Ruesch', is written over a light blue horizontal line.
